

# How to Use You're So Sweet Printables

1. Decide which treat you want to make first and print out the ingredients on cardstock.

Print in color or black and white.

2. Cut apart the ingredients strips and keep them together in a clip or zipped baggie.

3. As your class/group/students/kids/troop do something kind and show kindness, talk about how sweet it was of them and put an ingredient strip in a jar.

4. When they've gotten all the ingredients needed, then make the treat or buy the treat for them and enjoy!

5. Connect their sweetness and kindness with eating the treat. Remind them we don't need praise or rewards or treats to be kind, but when we're kind, kindness often comes back to us.
