Teaching Kindness is Essential.

When children don't feel welcomed, included, and physically and emotionally safe, they won't be able to learn. I'm Nicole Black and I create resources to help create a classroom community, to limit bullying behaviors, and to intentionally help kids speak and act with kindness more often.

Kindness can be taught. This resource will help you do it.

How to Use the Water Splash Kind or Unkind Sort

1. **Prep: Print and laminate the cards and the Kind or Not Kind Pools. If you print them in black and white, you can color in the cards first. Cut apart the cards.**
2. **Go over the pictures on the cards to ensure children understand what the picture depicts. You can use these as discussion starters before or after the activity.**
3. **The students will sort the cards by kind actions or unkind actions by placing the cards near the correct pool.**
4. **To follow up the activity, students can complete the worksheet and draw a picture/write how they will choose to be kind this season.**
