

Ways to Use These Valentine's Day Kindness Conversation Hearts

1.Print out the Valentine's Day Kindness Conversation Hearts you want on cardstock

2. Cut out the cards.

3. Kids can write their names on the backs of the cards so they're ready to pass out as Valentine's Day cards. Pages 4-6 are appropriate for classmates/friends.

4. If they want, they can put their classmates' names on the cards so the "right" card goes to the intended kid.

5. Remember to pass out Valentine's Day cards to every classmate so no one gets left out accidentally.

6. If you'd like, tape these to a box of Conversation Hearts.

7. <u>Educators</u>: You can pass these out to your students as your Valentine's Day cards to them... page 7 would be most appropriate from a teacher to students.

8. Parents: You can cut these out and give them to your kids on Valentine's Day or tape them to their door...page 8 is perfect for families.
